1. Excluding net gains from property dispositions and impairment charges, net loss attributable to ACC for the three months ended December 31, 2015 and 2014 would have been \$28.4 million and \$27.2 million, respectively. Excluding net gains from property dispositions, impairment charges and losses from the early extinguishment of debt, net income attributable to ACC for the years ended December 31, 2015 and 2014 would have been \$65.1 million and \$62.8 million, respectively.
2. Starting in 2015, the Company began reflecting the add-back of property acquisition costs as an adjustment when calculating FFOM. FFOM for the three months and year ended December 31, 2014 has been adjusted accordingly in order to reflect comparable results for the periods presented.
3. Refer to the definitions outlined on pages 20 and 21 for detailed definitions of terms appearing on this page.

- Represents net gains and losses from the sale of wholly-owned properties. Due to a recent change in accounting guidance, disposals of individual operating properties or portfolios that do not represent a strategic shift in the Company's operations will no longer qualify as discontinued operations and will be classified within income from continuing operations.
- The operations for any properties sold during 2014 that were classified as held for sale as of December 31, 2013 are not subject to the new accounting guidance for discontinued operations and have been presented in discontinued operations.

- Represents an impairment charge recorded for The Enclave, a property that was sold in September 2014, and a land parcel donated to a municipality in October 2014.
- 50% of the properties' net cash available for distribution after payment of operating expenses, debt service (including repayment of principal) and capital expenditures. Represents actual cash received for the year-to-date periods and amounts accrued for the interim periods, which is included in ground/facility leases expense in the consolidated statements of comprehensive income (refer to page 3).
- Represents development and construction management fees related to the West Virginia University on-campus participating property, which completed construction in August 2014.
- Starting in 2015, the Company began reflecting the add-back of property acquisition costs as an adjustment when calculating FFOM. FFOM for the three months and year ended December 31, 2014 has been adjusted accordingly in order to reflect comparable results for the periods presented.
- University Walk is a property that was subject to a pre-sale arrangement and was purchased in February 2015. The property was consolidated for financial reporting purposes prior to its acquisition. However, as we did not benefit from the net cash flow from operations prior to our purchase, we have excluded the operations of this property from FFOM in 2014.
- Represents losses associated with the early pay-off of mortgage loans for four properties sold during the twelve months ended December 31, 2015. Such costs are excluded from gains from disposition of real estate reported in accordance with GAAP. However, we view the losses from early extinguishment of debt associated with the sales of real estate as an incremental cost of the sale transactions because we extinguished the debt in connection with the consummation of the sale transactions and we had no intent to extinguish the debt absent such transactions. We believe that adjusting FFOM to exclude these losses more appropriately reflects the results of our operations exclusive of the impact of our disposition transactions.

- Represents gross expenses prior to any recoveries from tenants, which are reflected in wholly-owned properties revenues.
- Includes security costs, shuttle costs, and property-level general and administrative costs as well as an allocation of costs related to corporate management and oversight. Also includes acquisition integration costs, bad debt, food service, and other miscellaneous expenses.
- Includes payroll and related expenses for on-site personnel including general managers, maintenance staff, and leasing staff.
- Includes general maintenance costs such as interior painting, routine landscaping, pest control, fire protection, snow removal, elevator maintenance, roof and parking lot repairs, and other miscellaneous building repair costs. Also includes costs related to the annual turn process. Excluding \$0.7 million of costs incurred related to one-time occurrences at three properties during the year ended December 31, 2015, this expense category would have increased by 4.1% as compared to the year ended December 31, 2014.
- Includes costs related to property marketing campaigns associated with our annual leasing efforts. The increase in the three months ended December 31, 2015 as compared to the three months ended December 31, 2014 is primarily related to our rebranding initiative and the timing of sports marketing agreements entered into at select properties. The decrease over the prior year is due to the continued strategic refinement of our marketing activities to yield optimal efficiency and effectiveness.

Refer to page 19 for detail of our same store groupings.

- Other income is all income other than Net Student Rent. This includes, but is not limited to, utility income, damages, parking income, summer conference rent, application and administration fees, income from retail tenants, etc.
- The increase in the average number of beds from the prior quarter is due to 32 beds, which were destroyed by fire in the third quarter 2014 and were rebuilt and available for occupancy in the first quarter of 2015.
- Includes The Enclave, a property that was sold in September 2014 along with 20 properties sold during the year ended December 31, 2015 which are disclosed on page 10.

1. As of February 19, 2016 for current year and February 19, 2015 for prior year.
2. Rentable beds exclude beds needed for on-site staff.
3. As of September 30, 2015.
4. Properties not owned or under ACC management during the prior year, or properties whose leasing progress is not comparable to the prior year as a result of plans to renovate or redevelop the property, are excluded for purposes of calculating the prior year percentage of rentable beds.
5. Projected rate increase reflects projected rental rates anticipated to be achieved through the end of the company's leasing cycle, up to targeted occupancy.
6. Properties currently under construction with an anticipated delivery date of Fall 2017 are not included because these properties will not begin undertaking leasing activities until Fall 2016.

- In certain instances at ACE properties, the company agrees to construct spaces within the property that will ultimately be owned, managed, and funded by the universities. Such spaces include but are not limited to dining, childcare, retail, academic, and office facilities. The Estimated Project Cost excludes the costs of the construction of such facilities, as they will be reimbursed by the universities.
- The total construction in progress ("CIP") balance above excludes \$6.5 million related to ongoing renovation projects at operating properties.
- Consists of amounts incurred to purchase the land for off-campus development projects, as well as other development-related expenditures not included in CIP such as deposits, furniture, etc.
- This community will serve faculty and staff members of Princeton University and, unlike student housing communities, this property is expected to stabilize in a manner consistent with a multi-family property during the first academic session.
- In conjunction with the purchase of Stadium Centre in July 2015 (see page 10), we entered into a presale agreement to purchase The Court at Stadium Center, an adjacent property, which will be completed in May 2016. We are obligated to purchase the property as long as certain construction completion deadlines and other closing conditions are met. The company is responsible for leasing, management, and initial operations of the project while the third-party developer retains development risk during the construction period. In accordance with accounting guidance, the company is including this property in its consolidated financial statements.
- Does not include undeveloped land parcels in seven university markets totaling \$31.0 million.
- Commencement of owned off-campus development projects is subject to final determination of feasibility, execution and closing on definitive agreements, municipal approval processes, fluctuations in the construction market, and current capital market conditions. ACE awards provide the company with the opportunity to exclusively negotiate with the subject universities. Commencement of ACE projects is subject to various levels of university board approval, final determination of feasibility, execution and closing on definitive agreements, municipal approval processes, fluctuations in the construction market, and current capital market conditions.
- Estimated Project Cost includes land and other predevelopment costs of \$18.8 million incurred as of December 31, 2015 for owned development pipeline projects.

1. Includes \$0.5 million earned during the three months ended December 31, 2015 related to our participation in cost savings for the Honors Academic Village project in Toledo, OH that completed construction and opened for operations in August 2015.

2. Under the terms of the predevelopment services agreement, during the first quarter 2016, we earned fees for the performance of various predevelopment activities. This concludes the company's role in this transaction.

3. These awards relate to speculative development projects that are subject to final determination of feasibility, negotiation, final award, procurement rules and other applicable law, execution and closing of definitive agreements on terms acceptable to the company, and fluctuations in the construction and financing markets. Anticipated commencement and fees are dependent upon the availability of project financing, which is affected by current capital market conditions.

Note: This analysis demonstrates anticipated funding for the developments currently underway or with expected starts in the current year. As future developments commence, they are expected to be funded via additional dispositions and free cash available for investment.

- Includes development projects under construction, and management's Estimated Project Cost for future development deliveries that are expected to commence construction during the current year, as disclosed on page 11. Estimated Project Cost for 2017 developments includes two projects not yet under construction: U Club Binghamton (\$53.0 million) and Suites at 3rd (\$25.0 million). Estimated Project Cost for 2018 developments includes two projects not yet under construction: Butler University Phase II (\$39.0 million) and Univ. of California, Berkeley (\$94.0 million). If we elect to move forward with additional developments, we would commence construction in future years.
- Includes \$26.5 million for The Court at Stadium Centre pre-sale development.
- For purposes of analysis, available cash flow is derived from disclosure in our 2014 Form 10-K and is calculated as net cash provided by operating activities of \$259.9 million less dividend payments of \$158.5 million, less principal payments on debt of \$16.0 million, less recurring capital expenditures of \$19.4 million. Calculation results in available cash flow for investment in 2014 of \$66 million, which is then annualized over the remaining 12 quarters through the end of 2018.
- Includes the underwriters' over-allotment option and is net of estimated transaction costs of \$2.2 million.
- Refer to page 18 for details on the timing and amount of targeted asset dispositions.
- Refer to definitions outlined on pages 20 and 21 for detailed definitions of terms appearing on this page.
- Ratios represent the pro forma impact of dispositions and development deliveries assumed in the Sources and Uses table. Yields for developments range from 6.5% - 7.0% and the capitalization rate range for dispositions and/or joint ventures is consistent with those observed in recent transactions for core (5.0%) and non-core (6.3%) student housing assets. Actual ratios will vary based on the timing of dispositions versus the timing of construction funding. The targeted asset dispositions for 2016, as detailed on page 18, consist entirely of non-core assets.

1. The company believes that the financial results for the fiscal year ending December 31, 2016 may be affected by, among other factors:

- national and regional economic trends and events;
- the timing of acquisitions and/or dispositions;
- interest rate risk;
- the timing of commencement of construction on owned development projects;
- the ability of the company to be awarded and the timing of the commencement of construction on third-party development projects;
- university enrollment, funding and policy trends;
- the ability of the company to earn third-party management revenues;
- the amount of income recognized by the taxable REIT subsidiaries and any corresponding income tax expense;
- the ability of the company to integrate acquired properties;
- the outcome of legal proceedings arising in the normal course of business; and
- the success of releasing the company's owned properties for the 2016-2017 academic year.

Definitions

ACE	The company's American Campus Equity program, whereby the company enters into long-term ground/facility lease agreements with Universities to invest our capital and to develop, own, and operate on-campus student housing communities. Properties under this structure are considered to be wholly-owned and are included in the company's consolidated financial statements.
Adjusted EBITDA*	EBITDA, including pro forma adjustments to reflect acquisitions, development deliveries, and dispositions as if such transactions had occurred on the first day of the 12-month period presented.
Adjusted Interest Expense	Interest Expense, including pro forma adjustments to reflect acquisitions, development deliveries, dispositions, debt repayments, and debt refinancings as if such transactions had occurred on the first day of the 12-month period presented.
Cash	Cash and cash equivalents, determined on a consolidated basis in accordance with GAAP.
Cash Interest Expense*	Consolidated interest expense calculated in accordance with GAAP, plus amounts which have been deducted and minus amounts which have been added for, without duplication: (i) the amortization of mark-to-market premiums/discounts on mortgage loans assumed in connection with acquisitions; (ii) capitalized interest; and (iii) the change in accrued interest during the period presented.
Design Beds	Total beds based on the original property design, generally as specified in the construction documents.
EBITDA*	Consolidated net income calculated in accordance with GAAP, plus amounts which have been deducted and minus amounts which have been added for, without duplication: (i) interest expense; (ii) provision for income taxes; (iii) depreciation, amortization and all other non-cash items; (iv) provision for gains and losses; (v) noncontrolling interests; and (vi) extraordinary and other non-recurring items, as we determine in good faith.
Funds from Operations ("FFO")	Determined based on the definition adopted by the Board of Governors of the National Association of Real Estate Investment Trusts ("NAREIT"). Calculated as consolidated net income or loss attributable to common shares computed in accordance with GAAP, excluding gains or losses from depreciable operating property sales, plus real estate depreciation and amortization, and after adjustments for unconsolidated partnerships and joint ventures. Also excludes non-cash impairment charges.
FFO Modified ("FFOM")	FFO modified to reflect certain adjustments related to the economic performance of our on-campus participating properties, and the elimination of property acquisition costs and other non-cash items, as we determine in good faith. The company believes it is meaningful to eliminate the FFO generated from the on-campus participating properties and instead to reflect the company's 50% share of the properties' net cash flow and management and development fees received, as this measure better reflects the economic benefit derived from the company's involvement in the operation of these properties.

* These definitions are provided for purposes of calculating the company's bond covenants and other key ratios.

Definitions

GAAP	Accounting principles generally accepted in the United States of America.
Interest Coverage*	Adjusted EBITDA / Adjusted Interest Expense.
Net Debt*	Total Debt less Cash.
Net Debt to EBITDA*	Net Debt divided by Adjusted EBITDA.
Net Operating Income “NOI”	Property revenues less direct property operating expenses, excluding depreciation, but including allocated corporate general and administrative expenses.
On-campus Participating Properties	A transaction structure whereby the company enters into long-term ground/facility lease agreements with Universities to develop, construct, and operate student housing communities. Under the terms of the leases, title to the constructed facilities is held by the University/lessor and such lessor receives 50% of net cash flows, as defined, on an annual basis through the term of the lease.
Physical Occupancy	Occupied beds, including staff accommodations, divided by Design Beds.
Rentable Beds	Design beds less beds used by on-site staff.
Same Store Grouping	Wholly-owned properties owned and operating for both of the entire annual periods presented, and which are not conducting or planning to conduct substantial development or redevelopment activities.
Secured Debt*	The portion of Total Debt that is secured by a mortgage, trust, deed of trust, deed to secure indebtedness, pledge, security interest, assignment of collateral, or any other security agreement.
Total Asset Value*	Undepreciated book value of real estate assets and all other assets, excluding receivables and intangibles, of our consolidated subsidiaries, all determined in accordance with GAAP.
Total Debt*	Total consolidated debt calculated in accordance with GAAP, including capital leases and excluding mark-to-market premiums/discounts on mortgage loans assumed in connection with acquisitions.
Total Equity Market Value	Fully diluted common shares times the company’s stock price at period-end.
Unencumbered Asset Value*	The sum of (i) the undepreciated book value of real estate assets which are not subject to secured debt; and (ii) all other assets, excluding accounts receivable and intangibles, for such properties. Does not include assets of unconsolidated joint ventures.
Unsecured Debt*	The portion of Total Debt that is not Secured Debt.

* These definitions are provided for purposes of calculating the company’s bond covenants and other key ratios.
